Summary

Passionate CSE student driven to craft clean, efficient, and scalable software. Skilled in problem-solving, OOP, and database management, with a hands-on approach to tackling complex challenges and building impactful projects.

Education

2023 – 2028 **Bachelor of Science in Computer Science & Engineering (B.Sc. in CSE),**
Dhaka, Bangladesh *University of Asia Pacific (UAP)* 🌐

2019 – 2021 **Higher Secondary Certificate (HSC),**
Dhaka, Bangladesh *Birshreshtha Munshi Abdur Rouf Public College (BMARPC)* 🌐

Skills

Languages: C, C++, Java, Python, SQL — Competent

Core Competencies: OOP, Teamwork, Project Management, Time Management — Proficient

Tools & Software: Microsoft Office, LaTeX — Proficient

Web Development: HTML5, CSS3, JavaScript, Django — Proficient

Languages Spoken: Bangla (Native), English (Fluent), Hindi (Basic)

Projects

Totoo_Services (Django, Python, HTML, CSS, JavaScript) 🌐

- Developed a responsive full-stack service marketplace platform utilizing the Django framework.
- Built secure user authentication systems, dynamic service posting engines, and intuitive request management pathways.
- Integrated front-end components seamlessly with back-end Python logic to optimize user experience.

Air_Track System (SQL) 🌐

- Designed a comprehensive relational airline database model with fully normalized tables.
- Implemented complex CRUD operations handling interconnected flight paths, passenger profiles, and schedules.
- Optimized SQL query performance to ensure rapid data retrieval and efficient data updates.

Basic-Bank Management System (Java) 🌐

- Engineered a desktop-based banking simulator using structured Object-Oriented Programming principles.
- Deployed features including secure account initialization, credential verification, fund transfers, and loan request logs.
- Utilized robust file handling pipelines to handle secure, persistent data storage across sessions.

RELEVANT COURSEWORK

- Data Structures & Algorithms (DSA)
- Object-Oriented Programming (OOP)
- Database Management Systems (DBMS)
- Operating Systems (OS)
